This was what Boss Tweed said to the New York officials when they accused him of stealing a couple of million dollars. I never had a good chance to steal so much money, and perhaps I wouldn't if I had the chance. Flagstaff dry goods merchants have not made any money this winter; trade has been dull, but I for one am hopeful, and expect to do a good business this season - at any rate I have backed up my hopefulness by buying a choice stock of goods while east, and it all depends with you whether I can sell them or not.
